

## ENVIRONMENTAL POLICY

Environmental Policy and Engagement of ANIPSOTIKI S.A. is to operate while respecting and protecting the Environment from the impact of all its activities, thereby installing and adhering to an Environmental Management System in accordance with the requirements of ISO 14001: 2015, which continuously improves its efficiency and performance.

Specifically, in order to achieve this goal, our company is committed to:

- Systematically monitors, implements and monitors compliance with relevant Greek and Community **environmental legislation**, as well as other requirements relating to its activities
- Has the required permits related to the protection of the Environment
- Identifies all, analyzes and evaluates **environmental aspects**, while making continuous efforts to limit the adverse effects of its activities on the Environment, with the aim of avoiding or minimizing environmental pollution
- Operates its facilities in a way that aims to **conserve natural resources**
- Ensures continuous training, retraining and motivation of its staff in order to gain environmental awareness and responsibility.
- Develops and implements Environmental Management Plans to minimize the environmental impacts of its activities, taking into account the service life cycle.
- Periodically monitors the implementation of all measures and processes to ensure that they are as effective as possible
- Inform contractors, suppliers and partners about Environmental Policy and seek compliance with their environmental protection activities during the cooperation with them
- Evaluates periodically the achievement of its environmental objectives in order to achieve **continuous improvement**

The Management of the company has appointed a System Management Officer for Environmental Management, who has jurisdiction and responsibility for the implementation and maintenance of the Environmental Management System. In this context, it reports to Management on the performance of the System, including suggestions for its improvement.
